VIPValues: ICT Skills for Peace projects

VIPValues: ICT skills for peace projects, co-financed by the European Commission under the Erasmus+ Program. Fundación Cibervoluntarios coordinates this initiative alongside with partners from Fundación Cultura de Paz (Spain), SEAL CYPRUS (Cyprus), Associazione Coopisa (Italy), CONNEX-EU (Bélgica) and Vienna Association of Education Volunteers (Austria). The main objective of VIPValues is to offer young Europeans content and training methods that use ICT for the promotion of Peace and the inclusion of young people in vulnerable situations, especially focused on migrants and refugees, through an open, collaborative e-Learning platform and innovative, which will allow the evaluation of the projects created and the certification of the skills acquired.

VIPValues main lines of action & outputs ✓

This project takes advantage of the work and results of the previous VIPValues project and develops the following products:

- eLearning platform, to acquire ICT skills to develop peace projects, that includes evaluation and certification, focused on the SDG16 of the UN's 2030 Agenda: "Peace, Justice and Strong Institutions"
- Pedagogical Methodology and Training guide for facilitators and trainers
- Usability report based on local training activities, to test the platform and the Guide.
